Prom information received from Marshal Parke, The Fort Street Church Ladies' Society have been for some time preparing for a Literary and Musical entertainment to procure funds for the purchase of an Organ for their Vestry. Some of the best talent in the city is on the programme, and the entertainment promises to be first-class in every particular. Thursday, March 2nd, is the date fixed for the Concert. The programme will be given in our next issue.

Amateur cooks had it all their own way at the but end of last week, and some inavellous dishes were concocted. By the way it is a curious fact that many of our boys have more talent in the celimry line than our cirks. A question put apon the matter the other day, revealed that camping expeditions had made the engenue piece practically nequainted with the mysteries of making stem, bonling potatoes, preparing coffee, and une venturesome youth declared be could tackle a pudding! This is practical at all events. Prom information received from Marshal Parks, and from other sources, it seems that the Chinaman who shot the native constable at Waipio valley, Hawaii, on the 3th inst., has been arrested. And furthermore, that on Saturday the Ith, as Deputy Sheriff Sanford was proceeding up the Waipio valley, with a force of armed men, to make the arrest, a Chinaman was shot by them. They were proceeding up the valley, high up in a wild place when three Chinaman van out of a house toward the approaching party, and as they came near the officers they were repeatedly ordered to hait, but they paid no heed, and several shots were fired, one of which killed the leader. The Chinaman who was killed was afterwards aboven to be one of the gang of distillers.

The officers found two distilling places which had viry recently been deserted, and large quantities of fermented "it," ready for distillation. The stills were not found, evidently having been hastily removed.

As the Sheriff's party were leaving the valley a
